

For this assignment you will write a minimum **one page typed** news report about the mystery surrounding the disappearance of Franklin Crabbe. The key to this assignment is **perspective** since the information in the news report will come from people other than Crabbe.

A good news report includes the following:

- Detailed information about the event listed in an order that makes sense
- Answers details like who, what, where, when, why, how
- Includes quotes from people who are involved in the topic
- Written in several short paragraphs

A suggestion is to include the perspectives of some (or all) of the following characters in the novel. Since Crabbe is told from Crabbe's perspective many of the details and information about these other characters will have to be made up based on what you know of these characters, such as:

- Crabbe's mother and father
- Crabbe's teachers (gym teacher, English teacher)
- Crabbe's classmates
- Remember, his psychiatrist doesn't meet him until **after** he's found, so he wouldn't count

Write a rough copy of your news report with all the required parts. Proof – read what you have created and a good copy will be written on the computer.
